Here is what I sent up last week, but I didn't get a cc if it went to Sarah.
(I also sent up something on the tribal consultation meetings which Mike did forward and cc me.)
Thanks
John

Mike/Benita-- if you feel you need to loop back immediately to Sarah re: the materials from the April 17th FACA subcommittee meeting, we've prepared a transmittal note and attached the Agenda and draft Executive Summary immediately below. We expect the facilitator's redline version of the report tomorrow and will send that along then, when it could also be attached to the note for Sarah if you feel you can wait. While there is some context in the draft Executive Summary, we are looking forward to the briefing on the 28th to do a more comprehensive job of setting the stage for Sarah on this effort.
Thanks
John

PS. I'm planning to come in tomorrow morning for a few hours to catch-up on some things, even though I am leaving my scheduled absence notices in place :)

Hi Sarah,

Per your request below, we are providing the agenda and a draft of the executive summary from the report that was deliberated on at the April 17th meeting of the Assumable Waters subcommittee of the NACEPT FACA. At the meeting, the subcommittee members agreed to the recommendations as proposed in the draft executive summary but wanted several revisions to the report itself. We expect a redline version of the full report tomorrow from the facilitator and will forward it.

While the draft executive summary may be tweaked by the subcommittee, we anticipate that will be largely editorial at this juncture. I do want to note that we are still in a deliberative process where changes may be made by the full NACEPT committee as well, after they receive the subcommittee's recommendations and before they send their final recommendations to the Administrator.

We should have a copy by the beginning of May of the full report being given to NACEPT and we look forward to providing you with the background on this effort and the ongoing deliberations during our briefing for you on April 28th.

Thanks,
Mike

Mike,

Along with the materials you guys are preparing for this meeting next Friday the 28th, would you please give me the materials from the subcommittee's meeting on April 17th?

Thanks!
